Beyond the Office

2020 has been a year filled with concern and uncertainties, but one thing is for sure, all of us here at CLE know Mike Mareya loves to play golf. Mike has been golfing since he was 18 years old. This year Mike shared his passion for the sport with his consumers and he took them out to learn to play the sport of golf. This came with many challenges as this was the first time for most of the consumers, Mike kept it fun and exciting for the groups that went out. Mike found that a few of the consumers he took to golf did very well. This past week was extremely excited for the consumers as they all had their own golf car, which they rode in with their staff. One customer went out and brought her a new golfing outfit and her own golf clubs and bag. We here at CLE can't thank Mike enough, for sharing his knowledge of golf with all of us.

Thank You for your continued support of our consumers
